Fire Commission. The twenty-eighth of each month at 8:00 p. m., at Central Fire Station.

Trustees of Woodlawn Cemetery. Last Friday of each month.

Trustees of Edgewood Cemetery. Last Monday of each month.

MAYOR'S ADDRESS.

GENTLEMEN OF THE CITY COUNCIL:

In accordance with the city charter we are assembled this New Year's day to commence the duties intrusted to our care. We should accept as public servants those responsibilities which have been laid aside by the City Councils of last year as well as administering affairs for the ensuing year.

It is much easier to point out the errors of the past than to guard against them in the future.

The tax payers of Nashua demand of us not only an efficient and honest, but a progressive administration to meet the demands of a growing city.

It will soon be your duty to make the annual appropriations. It may be impossible to allow each department all the money it may ask for. You will see that each department has its just proportion of the whole appropriation. In this connection it should be our aim to avoid as far as possible overdrafts in all departments.

FINANCIAL STATEMENT, DEC. 31, 1908.

Liabilities:

Bonded Debt	$857,508.91
Time Notes	23,500.00
Demand Notes	60,045.10
	$941,054.01

Resources:

Uncollected Taxes for 1905	$ 1,964.29	
Uncollected Taxes for 1906	2,049.44	
Uncollected Taxes for 1907	6,694.08	
Uncollected Taxes for 1908	51,834.61	
Sinking fund	264,966.09	
Taxes purchased by city	1,027,78	
Bills receivable	380.00	
Cash on hand	10,426.26	
		$338,642.55
Net debt Dec. 31, 1908		602,411.46
		$941,054.01
Net debt in 1907	$620,318,07	
Net debt in 1908	602,411.46	
Decrease in debt during 1908		$17,906.61

SCHOOLS.

During the past year a new school house has been built on the Shattuck street lot at a contract price of $11,443 exclusive of the furnishing and grading. This house was built from proceeds of sale of the Main Street school lot and will relieve the danger and overcrowded condition that has long existed at Mt. Pleasant school. A foundation has been put in for a six-room addition to the High School building which will relieve the congested condition there. After this enlargement is completed the schools will be very well housed for some time.

There was expended for schools the past year:

Appropriation from city raised by direct tax	$33,000.00	
Received from State	41,902.50	
Received from Library fund	1,931.58	
Received from Dog tax	1,211.00	
Received from Tuition	2,611.65	
		$80,656.73
Expended		80,157.80
Unexpended		498.93

The Board should receive a liberal sum to meet the needs of this worthy and growing department.

POLICE DEPARTMENT.

This department is governed by a Police Commission whose duty it is to give their best efforts to the execution of all laws state and municipal. For the needs of this department I would recommend that the city council appropriate a sum sufficient to purchase and install for the use of the police and hospitals an electrical combination patrol and ambulance wagon. That the ambulance now in use be held in reserve. With the addition of this up-to-date equipment we may expect that City ordinances now unenforced and neglected may receive due attention and enforcement.

STREET LIGHTS.

The city is now lighted by 348 lights of which 272 are arc lights at a cost of $100 each and 76 incandescent lights at a cost of $30 each.

Total cost now equipped for 1909 including a large number now petitioned for will be $31,500. The service rendered on many streets is very poor owing to the low growing condition of shade trees which should be pruned to a proper height and the useless ones removed to improve the service. In places I would recommend to remove and substitute for an arc light two or three incandescents. I trust these improvements will receive early attention.

ASSESSORS.

The pressing needs of this department are lack of maps covering the outlying portion of the city. At present it is impossible to locate and properly describe this property. There is also need of a card index showing the legal owners of property in accordance with these maps. I would recommend that a portion of this work be done each year until completed.

The total valuation as per assessors' books for 1908 was $15,370,520.

Increase over 1907, $109,219.00.

Total amount raised by taxation, 1908, $321,111.41.

Number of polls, 7243.

CEMETERIES.

Are managed by three separate boards of trustees, who serve without pay and by their faithful, prudent business management have brought them to a condition that will compare favorably with any town or city. They should all receive fair attention at your hands that they may continue and keep in hand the work so well advanced.

FIRE DEPARTMENT.

This department has attained a very high degree of efficiency, being ably managed and manned by an alert and reliable force. During the past year there has been installed by the commissioners a new repeater with a capacity of eight circuits replacing the old four circuit machine which is now held in reserve.

Jan. 1, 1907, I called attention to the needs of better ladder service. Should a serious fire occur in our large buildings the department would be handicapped for want of an aerial ladder.

There should be passed an ordinance establishing a fire limit governing the erection of buildings, the present ordinance being defective.

CITY FARM.

By vote of the city council this institution was discontinued July 1st as a penal institution and a home for poor people and the greater portion of the personal property sold by auction. The disposal or maintenance of the real estate will soon be a subject for your candid consideration.

I would recommend that the buildings and 30 to 50 acres of land be sold or leased and the remaining 100 acres be kept as an investment.

Prisoners are now sent to Grasmere at a cost of 90 cents for a single prisoner and 30 cents for each additional one on the same commitment. Poor are now provided for by temporary help or permanent board by the overseer of the poor. This arrangement seems to be a financial success and gives general satisfaction.

BOARD OF PUBLIC WORKS,

This department received an appropriation of $45,000 with $5000 to be expended, with $5000 received from the state, to extend the state highway on the Lowell Road, which completed this year a distance of 6869 feet, making a distance from the state line completed of 2¾ miles.

It is expected to continue the work this year to the Dunstable road. There have been constructed 50,000 square feet of new macadam paving upon Amherst, Arlington and other streets. 2700 square feet of stone block paving laid and 3000 feet of sewers put in.

Our streets are not all in perfect repair but are in that general good condition that will compare favorably with any city.

The pressing needs of this department are: Headquarters for their equipment, including stabling and storage ground. The present accommodations are located in various parts of the city, being inconvenient and expensive to maintain. When a location that will meet the said needs is found and can be bought at a fair price, I recommend its purchase.

PARKS AND PUBLIC GROUNDS.

This department is managed by a commission, who have the past year with a liberal appropriation and a very splendid gift from Mr. Cotton, made good progress. For a detailed account of eqpenditures and work done also for the requirements for this year, I refer you to the forthcoming report of your commissioners who will make known what has been accomplished and ask from your hands means to continue the work so well advanced.

In conclusion, I desire to heartily thank the city treasurer, the city clerk and all others who have courteously placed the records and services for such information as I desired. I also desire to to heartily thank the citizens of Nashua who for a second time have placed me in this honorable position as mayor and I hereby pledge my time and best efforts to a prudent and business administration.

CITY TREASURER'S REPORT.

NASHUA, N. H.

To His Honor, the Mayor, and City Councils of Nashua:

GENTLEMEN: — I herewith submit the report of the city treasurer for the financial year ending Dec. 31, 1908.

REPORT

OF THE

Committee on Accounts and Finance.

The undersigned Committee on Accounts and Finance of the City of Nashua, N. H., for the year ending December 31, 1908, have examined the foregoing accounts of Arthur L. Cyr, City Clerk of said City, and find them correctly cast and proper vouchers for all moneys paid out.

ALBERT SHEED,
THOMAS. F. MORAN,
R. F. PROCTOR,
FRANK RANCOUR,
MICHAEL J. DOYLE,
FRANK NEWTON,
EUGENE T. STANTON.

Committee on Accounts and Finance.

REPORT

OF THE

FIRE COMMISSIONERS

OF THE

CITY OF NASHUA,

1908.

To His Honor, the Mayor, and Board of Aldermen :—

84. Main, foot of High street.
91. Cottage, corner East Pearl street.
92. Central Fire Station, Olive street.
112. Concord, corner Elliott street.

Fire Alarm Telegraph.

This branch of the service is now in perfect condition having installed a new eight circuit repeater the past year at a cost of $2,600.00.

Instructions to Key Holders and Citizens.

1. Upon the discovery of a fire, go to the nearest box, break glass in key box, place key in lock, turn, and hold back with key, as it is a spring lock, pull down the hook as far as it will go; shut the door. Do not try to remove the key, as it is locked in, and cannot be removed only by the engineers.

2. All persons giving fire alarms should remain awhile beside the box so as to direct the firemen to the fire.

3. No person will give an alarm for the same fire after the first alarm has been given without an order from an engineer or the officer in command, and the person so ordered will be sure to go to the same box from which the first alarm was given and report to the chief engineer.

4. Never signal for a fire seen at a distance; never touch a box except to give an alarm of fire; do not give an alarm for a chimney or grass fire, but notify central or nearest fire station by telephone.

Apparatus and Hose.

The apparatus consists of four Amoskeag steam fire engines, one one-horse reel, four two-horse hose wagons, four supply wagons, one hook and ladder truck, one combination chemical and hook and ladder truck, one Babcock chemical engine. All in first-class condition.

We have, at present, about 9000 feet of fabric hose in good condition.

Estimated Value of Property.

Steamer No. 1	$3,000.00
Steamer No. 2	3,000.00
Steamer No. 3	3,000.00
Steamer No. 4	4,250.00
Combination Chemical and Hook and Ladder No. 2	2,100.00
Hook and Ladder No. 1	1,900.00
Chemical No 1	1,800.00
Old Ladder Truck	200.00
Hose Wagon, Engine No. 1	400.00
Hose Wagon, Engine No. 2	425.00
Hose Wagon, Engine No 3	400.00
Hose Wagon, Engine No. 4	425.00
Hose reel, spare	150.00

Hose carriage, hand	$100.00
Two hose jumpers	100.00
Supply wagons (4)	650.00
Line wagon	145.00
Hose	7,200.00
Horses (27) and blankets	5,300.00
Harness	2,200.00
Tools	200.00
Chief's wagon	150.00
Furniture, etc	1,240.00
Badges	100.00
Central Station	34,000.00
Arlington Street Station	6,000.00
Lake Street Station	10,000.00
Amherst Street Station	41,000.00
Fire Alarm Telegraph	13,900.00
	$143,335.00

We would recommend the following: An up-to-date Aerial Ladder Truck estimated cost $5,500.00, an addition to Lake street station for drilling purposes, estimated cost $500.00, also cable to be placed in ducts laid by the New England Tel. & Tel. Co. in place of overhead wires at an estimated cost of $500.00 and an appropriation of $37,000.00 for running expenses of the Fire Department for year 1909.

Respectfully submitted,

G. F. ADAMS,
H. W. RAMSDELL,
FRANK T. LEWIS,

Fire Commissioners.

Some Items of Expenditures.

Bridges and Culverts :

Replanking part of Taylors Falls Bridge.....	343 79
Resurfacing Main Street Bridge with tar.....	143.64
Painting Main Street Bridge..... ..	75.36

Catch Basins :

Cleaning and repairing.....	1,930.43
20 New catch basins.....	206.12

Distributed as follows : Burke street 2, Arlington street 2, Amherst street 1, Cushing avenue 1, Dearborn street 3, Franklin street 2, West Hollis street 1, Kendrick street 1, Lock Street 2, Mulbury street 1, Pine street 1, Stark street 1. In some cases the cost included labor only.

Crossings :

New and repairs.....	747.17

General repairs and maintenance :

This department including as it does all repairs to street and road surface, such as resurfacing with gravel etc., is necessarily a large expenditure, among the larger items are :

Bridge street.....	741.84
Blossom street.....	107.63
Burke street.....	142.75
Chandler street.....	119.75
Elm street.....	118.13
Fairmont street	115.94
Front street.....	164.00
Kinsley street.....	141.37
Laton street.....	157.00
Sanders street.....	139.62
Thornton avenue	184.38

Paving Gutters :

Some of the largest expenditures on paving guttets are as follows :

Amherst street	422.33
Charles street	86.47
Hopkins street	60.00
Main street	185.73
Summer street	162.89
Removing Snow and Sanding Walks	2,066.03

All work incident to keeping streets and walks passable during the winter season.

Paving :

This item includes Granite Block Paving and Trap Rock Macadam. The following is the list of streets paved 1908.

Amherst street, macadam	$2,797.06
Arlington street, macadam	1,839.21
Ledge street macadam	144.80
Lowell Road, State Highway	10,220.60
Canal street, granite block	131.43
Court street, granite block	482.48
Dearborn street, granite block	1,532.52
West Hollis street, granite block	971.90
Main street, granite block	469.26

Edgestone :

This includes labor and material on new work, also resetting old 1,310.98

Edgestone set as follows :

Applicant.	Location.	Feet Set.
Chas. H. Jackman	Cross Street	131.30
	Summer Street	
Ephrem H. Lavigne	Morgan Street	73.60
A. J. Rideout	Beech Street	121.50
H. C. Lintott	Bowers Street	139.00
Thomas E. Ingham	Fairmount Street	128.50
A. F. and M. E. Newton	Kendrick Street	76.70
Samuel Blume	Atwood Street	225.30
	Dearborn Street	260.50
	West Hollis Street	109.6.
	Whitney Street	177.25
	Cushing Avenue	27.70
	Webster Street	10.00
	Main cor. Temple St	67.65
	Hobbs Avenue	223.50

City Waste :

The collection of disposal of waste material from households and stores is increasing each year due somewhat to an increasing amount of such material but mostly to the lack of convenient and economical dumping places, the cost this year for labor and team was..... 4,646.90

Trimming and care of Trees :

This item includes removing dangerous limbs and repairing damage done by storm, cost this year..... 141.30

Street Cleaning :

Including all work of cleaning the streets of the City, paved and unpaved..... 5,286.09

Repair Tools :

Including all repairs to tools and machinery except that included under City Teams..... 97.12

Tools and Supplies :

Following is inventory of tools and supplies on hand December 15, 1908.

Inventory.

1 New road machine.
13 old snow plows.
6 new patent snow plows.
11 barrow carts.
1 rooter plow.
2 common plows.
2 harrows.
2 desks.
11 chairs.
2 tables.

22 lanterns.
8 hooks.
11 forks.
38 wooden shovels.
17 long handled shovels, iron square point.
2 long handled shovels, iron round point.
32 short handled shovels iron round point.
19 short handled shovels, iron square point
40 picks.
10 mattox.
6 grub hoes.
2 pairs rubber boots.
4 dippers.
2 hydrant wrenches.
2 grindstones.
18 small bars.
2 bush scythe.
3 scythes and snaths.
6 mauls.
1 ice chesel.
9 rattan brooms.
1 diaphram pump.
1 force pump.
3 cross cut saws.
3 hand saws.
3 wooden scrappers.
16 iron rakes.
11 wheel barrows.
4 large settees.
2 stoves.
14 wood rakes.
1 carpenters adz.
4 small ladders.
18 pails
2 extension ladders.
2 pieces 10'' akron pipe.

2 pieces 12'' akron pipe.
2 pieces 18'' akron pipe.
5 15'' akron Y's.
6 18'' akron Y's.
10 Y's various sizes.
1 square spade.
27 large stone drills.
25 small stone drills.
6 tamping bars.
Quantity of brass rods for repairing traps.
3 levels.
2 squares.
17 iron bars.
4 trowels.
3 paving hammers.
9 small hammers.
6 large hammers.
6 brooms.
10 manhole steps.
4 screens.
1 small seive.
2 tripod.
1 chain pulley.
6 paving rammers.
8 dirt rammers.
2 chains.
Quantity of rope.
2 shut off wrenches.
5 traps.
3 set pulleys.
2 jack screws.
2 plank pullers.
4 axes.
3 large oil cans.
2 small oil cans.
28 trap weights.

1 hatchet.
36 hoes.
1 vice.
3 driving caps for sewer plank.
1 stilson wrench.
2 stamps.
4 tool chests.
2000 sewers plank.
223 tons sand.
4 baskets.
1 12-ton Buffalo Pitts Steam Roller.
1 portable Stone Crushing Plant consisting of "Champion" engine and boiler, crusher, elevator and bins.
79 tons crushed stone.
30 tons screening.
1000 bricks.
11 wooden rakes.
13 moth clippers.
1½ can blasting powder.
8 Rims.
15 clappers.
134 24" Akron pipe.

Sundries:

This item includes grading South Common.....	686.13
Board of Superintendent's horse.....	348.00
Miscellaneous	136.70

Sewer Department.

Maintenance:

Repairs on all sewers.....	$98.28

JAMES H. CONNOR,

Auditor.

Nashua, N. H., January 7, 1909.

Librarian's Report.

To the Board of Trustees of the Nashua Public Library :—

GENTLEMEN : The annual report upon the condition of the Public Library and its work during the year 1908 is herewith submitted.

The number of volumes added this year is 1,248, of these 845 were purchased, 403 given, by binding of magazines 99. Deducting the wornout and lost books the library now has 27,644 books and pamphlets.

The desk circulation for the year has increased 7.815 volumes. The total number of books issued being 74.974, the main library giving out 58.316 and the children's room 16.658. The largest circulation of any day was 526 volumes on January 25, the smallest 33, July 23.

Fiction still leads by a large percentage. Librarians cannot control the public taste, only endeavor by adding the best literature to improve it. To quote the Somerville librarian, who says, "The most confirmed novel reader will read good novels when he cannot get bad ones, and here is the opportunity of the public library." Many who during the business depression lacked employment, came to the library for reading to occupy their otherwise idle hours. It mattered little if the reading was largely fiction, it was a pleasure to give what they wished.

The number of borrowers has increased 333 during the year.

As in previous years there has been the annual inspection of the shelves. At the close of the year the record shows a total of eight missing from the main library, and eight from the Children's Room. There have been 97 volumes discarded as too worn for further circulation. Books are sometimes taken without being charged, and later "smuggled" back to the shelves without explanation, they may be gone months or perhaps a year or more. Thus some of the books may be found, diminishing the number of those thought to be lost.

The custom of closing the Library and Reading Rooms on Tuesday and Thursday evenings during July and August was continued. With this exception and that of the holidays the Library has been opened every week day, and the Reading Rooms every day.

Our bills for binding continue large, and will be so until books are better bound. Binding is in effect almost the same as the purchase of new books. A volume bound for thirty-five cents is often better than the new one which costs from one to two dollars. There have been 593 volumes bound, of these 99 were periodicals from the Reading Room, which are direct additions to our stock.

The number of periodicals regularly received by the library is 87 of which 50 are to be found in the Reading Room, 30 in the Newspaper Room, and seven in the Children's Room. Of this number 21 are given. We subscribe for nine newspapers. Again we are indebted to the Telegraph Publishing Company for an extra copy of its daily. This is reserved for binding. All efforts to secure a complete file of the Telegraph still proves unavailing.

The publication of quarterly bulletins have been continued. Beside those given to borrowers we exchange with fifty-seven libraries, sending as far north and west as Seattle, and south to New Orleans.

Additional shelves open to the public would give a better opportunity for selection, also relieving the crowded condition in the stack room. It would postpone the building of an upper stack, which would increase our expenses, not only for the stack, but for the extra service needed. Some alterations in the Children's Room would add to its convenience and capacity.

It is to be hoped that the city will feel that our usual appropriation can be restored, thus giving us the benefit of the interest from the Hussey Fund. The money could be expended with advantage for the building and in the purchase of books.

Respectfully submitted,

HARRIET CROMBIE,
Librarian.

REPORT OF MILK INSPECTOR.

To the Board of Health :

GENTLEMEN : — I have the honor to submit the following report for the year ending January 1st, 1909.

The total number of samples collected and examined was One Hundred and Sixty (160) as follows :

Number of samples from wagons	110
Number of samples from stores	39
Number of samples of cream	8
Number of samples of Ice Cream (Special)	8
Number of complaints	3

The number of licenses issued to milk dealers for the year beginning May 1st, 1908 has been Ninety Seven (97), Sixteen less than the year preceding. Twenty Six (26) are selling milk from wagons and Seventy One (71) from stores. Eleven (11) dealers of the former class and Eighteen (18) of the latter class have discontinued business in the past year, two of the former class and Eleven (11) of the latter class have taken on the business. The income to the city from licenses has been One Hundred and Ninety Four ($194) Dollars. The One Hundred and Sixty samples mentioned above were collected from Fifty Eight (58) different dealers and every sample tested for butter fat, solids not fat, total solids, water preservatives and adulterations. In two (2) cases of adulterations by skimming a strict warning was given each dealer and the case remedied at once, no prosecution. In no cases did I find milk or cream containing preservatives. The eight samples of Ice cream mentioned above were collected from (6) different dealers at the request of the local Board of Health and the State Board of Health. An average of about Nine Thousand (9000) quarts of milk are delivered daily in this city, coming from dairies within

a radius of Ten (10) miles and in only a few instances is Railroad milk sold here, and by comparison with the following figures it will be seen that our milk is of a high standard quality.

Milk samples up to standard, and above.....	84.4
Milk samples below standard.....	15.6

With a microscope this department would be equal to any office of Milk Inspector in the State.

Respectfully submitted,

A. O. BURQUE, Ph. D.

Milk Inspector.

CITY SOLICITOR'S REPORT.

Nashua, N. H., March 20, 1909.

To His Honor, the Mayor, and City Councils of Nashua :—

GENTLEMEN : I submit the following cases in which during the year 1908 the City of Nashua has been and is now interested.

Parker *vs.* Nashua. Petition for the abatement of taxes on real estate at the corner of Temple and Court streets. Referred to a commissioner.

C. R. Pease House Furnishing Co. *vs.* Nashua. Four petitions for an abatement of taxes upon stock in trade and fixtures and real estate upon Pearl street. Referred to a commissioner.

Nashua *vs.* W. N. & P. and B. & M. R. R. Petition to compel the railroad to secure the bridge at crossing at Eaton street

Wallace *vs.* Nashua. Action to recover for drugs furnished the City of Nashua.

Nashua Card and Glazed Paper Co. *vs.* Nashua. Two petitions for abatement of taxes.

Burke, et. al. *vs.* Nashua. Petition to enjoin the City of Nashua from using dump on Ash street.

WILLIAM H. BARRY,

City Solicitor.

ANNUAL REPORT.

OF THE

TRUSTEES OF WOODLAWN CEMETERY.

To His Honor the Mayor and City Councils of the City of Nashua, N. H.

GENTLEMEN :—The Trustees of Woodlawn Cemetery submit the following as their report for the year 1908.

Among the many improvements of the past year, the principal ones have been the laying of 556 feet of 10 inch Sewer pipe to connect with the Hollis street Sewer, and other branch Sewers of more than 50 feet of 6 and 8 inch pipe, and 760 feet of Brick Gutters, which it is hoped will save a considerable annual expence of repairing the drive ways and walks which are washed out by the melting snow and heavy rains each spring.

The Greenhouse has produced flowers which have been used on Perpetual Care lots to an estimated amount of $183.75, for making beds and borders, to the amounts of $183.20 and Plants used to beautify the Cemetery to the amount $530.50, making a total product of $897.45.

One hundred twenty-six interments have been made during the past year as follows :

Resident Adults, 64; out of town adults, 36; resident children, 15; out of town children, 5 and premature births, 6.

Removals : out of town, 1; removals within this cemetery, 4.

Services have been held in the chapel 17 times.

There are at the present time eight bodies in the tomb.

The remains of six soldiers have been interred during the year, making a total of soldiers' graves at this time, 295.

The force employed in the yard with the assistance of Mr. Robertson Kirkpatrick, have this fall removed 6,500 Brown tail moth nests.

Fifty headstones have been re-set. Sixty old graves have been repaired. Ten old lots have been repaired.

The whole of Section "I" has been improved and 23 new lots made in Section "B", making available a large number of very desirable new lots.

Five of the Perpetual Care lots have been re-graded, and 23 repaired.

A record of all meetings of the Board has been kept.

Following is a statement of the condition of the Perpetual Care Fund, and the financial transactions of the year.

Perpetual Care Fund.

ANNUAL REPORT

OF THE

TRUSTEES OF SUBURBAN CEMETERIES.

To His Honor, the Mayor, and the Honorable City Councils:

GENTLEMEN: The Secretary of the Board of Trustees of Suburban Cemeteries hereby presents his twelfth annual report.

Condition of Cemeteries.

The usual care and attention have been given to the Old South Cemetery. We trust that our appropriation for the coming year may be such that some long desired improvements may be carried forward.

There has been a steady gain at the Evergreen Cemetery; both in the addition of new lots and in the improvement of the old ones. The erection of several new and costly monuments is a striking evidence of the interest manifested by the individual lot owners. The new tool house has greatly facilitated the carrying on of the work and is fully appreciated.

The general work at the Hillside Cemetery has received special attention.

The Gilson Cemetery has been cared for in the usual manner.

INTERMENTS.

The entire number of interments for the year has been nine. In the Old South Cemetery, there have been three burials, one from out of town, one member of the Grand Army, and one child.

In the Evergreen Cemetery, there have been two adult burials, one a member of the Grand Army and the other from out-of-town.

In the Hillside, there have been four burials, all adults and one of these was from out of town.

Finances.

Cash in the hands of the treasurer, Jan. 1, 1908	$24.21	
City appropriation	650.00	
Interest on City Note	12.00	
Coupons on City Bonds	24.00	
Cash collections from cemeteries	142.25	
		$852.46
Bills approved and paid	$840.21	
Cash in hands of treasurer	12.25	
		$852.46

Perpetual Care Fund.

City note	$200.00	
City Bonds	800.00	
City Guaranty Savings Bank	300.00	
Accrued interest on above	33.13	
People's Institute for Saving	100.00	
Accrued interest on above	4.71	
		$1,437.84

LEVI W. GOODRICH,
Secretary.

Nashua, N. H., December 31, 1908.

ANNUAL REPORT

OF THE

TRUSTEES OF EDGEWOOD CEMETERY.

To the Honorable Mayor and City Councils :

The Trustees of Edgewood Cemetery present their sixteenth annual report, covering the calendar year 1908, as follows :

The usual business meetings of the Trustees have been held, at which the affairs of the Cemetery have had careful attention. The grounds, buildings and tools have had proper general care, and all are in excellent condition. A new section has been graded and improved near the Cushing Avenue entrance, containing 161 lots of small sizes to be sold at low prices. A new 10-inch Portland pipe sewer has been laid for 450 feet from Cushing Avenue northerly along Evergreen Avenue, providing necessary drainage for a large area of the cemetery grounds. Some extensions have been made to water pipes and cobblestone gutters.

Entirely new lot and burial records have been nearly completed in duplicate. One set will be kept by the Secretary of the Board, and the other at the Superintendent's office, so that in case of fire we shall not lose all our valuable records. No complete record appears to have been kept prior to the incorporation of this Board ; and the possibility of preparing a correct record becoming less as each year passes, we have thought it advisable to undertake it at this time. Active work was begun about July 1, 1907, and the ultimate cost will probably be some $400 to $500. The information for the compilation has been taken from

such records as we could find, and such as have been kept since our organization; from gravestones, and city and undertaker's books, from personal inquiry and correspondence, and from every available source. The record now contains the names and all the desirable information obtainable of 870 interments of which there has previously been no written record whatever, viz.: from stones 741, from outside sources 129. There are 147 more partial records which are to be completed the coming spring, making 1,017 interments properly recorded, in addition to our own records.

The following statements show the financial condition, and the receipts and disbursements of this Board for the year 1908.

Trust Funds For Perpetual Care of Lots.

Amount at last annual report.....	$11,956.15	
Amount received during year (6 bonds)	877.00	
	$12,833.15	
Included in last report was interest now transferred to General Fund....	33.82	
		$12,799.33
Which is invested as follows:

HENRY H. DAVIS, President.
JOSEPH L. CLOUGH, Secretary.

Nashua, N. H., January, 1909.

REPORT OF PARK COMMISSIONERS.

To His Honor, the Mayor, and City Councils of the City of Nashua.

GENTLEMEN: The Park Commissioners make the following report.

Good progress has been made in this department during the year. This was made possible by the generous gift of $5000 by Mr. John E. Cotton, and a special appropriation of $5000 by the city, and also by careful expenditure of our annual appropriation for general work.

A very noticeable improvement has been made at Greeley Park. In addition to the generous gift of Mr. Cotton, three valuable strips of land have been given for park purposes by Mrs. Clara R. Wheeler, Mrs. Anna S. Colburn, and the Highland Spring Sanatorium Company, which with the strip of land purchased from Mrs. Nannie E. Watson, containing valuable material for road building, has enabled us to make a pleasing entrance to the Park from Manchester street. A thoroughly up-to-date Parkway, twenty feet wide with three courses of crushed rock on a rolled foundation has been completed from Concord to Manchester streets. The Parkway is so constructed that it will last for many years.

The Greeley Park buildings have been removed and much grading has been done, and when trees, according to plans, are set out, this part of the park will be very attractive. The entire open space from Concord street to the grove has been graded and seeded. The collecting of stagnant water has been made impossible. Many evergreens and maples have been planted, thus blending the oak grove with the shade trees near the street. When our plans have matured, Concord street will have the appearance of passing through a large park instead of separating two distinct parks.

SOUTH COMMON.

A decided improvement has been made in this part of our Park system during the year. The large hole which has been so prominent for some years, has been filled and partially loamed over. A number of elm trees have been set out on the Otterson street side.

Responding to continued requests from tax payers in this part of the city, a suitable ball diamond has been laid out, with a back stop and bleachers. This has been enthusiastically received by the boys in the south part of the city.

Cement posts, re-enforced by iron rods, and 600 feet of two inch galvanized iron pipe have been ordered to replace the old fence on the Lake street side. The remaining sides will be treated in like manner as soon as we have funds to pay for same.

NORTH COMMON.

The oval within the driving track has been cleared of under brush and rubbish, and many of the trees have been trimmed.

OTHER SQUARES.

The other squares have had their usual care. By an arrangement with the Board of Public Works, the waste papers and rubbish are gathered every day thus keeping these open places much neater.

NURSERY.

Additions have been made to the Nursery as usual, and although many fine specimens of evergreens have been transplanted we still have an asset in this particular part of our Park System which is quite valuable.

MOTH WORK.

An appropriation of $1000 was granted for the removal of moth nests from public trees. More could have been accom-

plished had the appropriation been granted early in November so that much of the work could have been done before the extreme cold weather set in.

By an act of the Legislature an entire new problem of moth extermination was presented to the city. Valuable lessons have been learned by all concerned. Forty one hundred notices were sent out to the names of property owners as appeared on the assessors' books. After March 21st our foreman found 650 pieces of property whose owners had failed to remove the nests as was required by the state officials. We regret that some of the property owners, having employed men to remove nests, failed to see that the work was properly done, thus causing a second charge for the remaining nests. In many cases the nests were cut from the trees but not destroyed. One of the most interesting problems connected with this special work was the explaining to owners of property, that nests on the extreme end of branches of large trees, which had not been removed, owing to the moth gatherers not having the proper tools for such work, must be removed. This has caused some protest.

The removal of Gypsy nests was conducted with much care. We made only one visit to those places which the United States Government officials had notified us had infestations, and that to scrape all trees upon which nests were found. We were fortunate to be able to persuade the State Agent that the state ought to care for the burlaping and watching the trees while the caterpillars were moving thus saving a number of property owners a heavy taxation.

NEEDS.

The Park System needs a larger appropriation if cared for as it ought. It is impossible to accomplish all that we should with the funds at our disposal.

We need a generous sum for South Common, to replace the fence and walk destroyed by the removal of gravel by the Board

of Public Works, and to finish the grading begun last year. The loaming, seeding, and the setting out of trees on this barren spot will be no small item.

The Park Commission would recommend that if the moth work is to be entrusted to it, that the appropriation be made when the annual appropriations are made, so that the funds may be available in the early fall, as more work can be accomplished for the same amount before the extreme cold weather sets in.

REPORT

OF THE

POLICE COMMISSIONERS

OF THE

CITY OF NASHUA, N. H.

1908

To His Honor, the Mayor, and the Board of Aldermen:

The Board of Police Commissioners for the City of Nashua make their seventeenth annual report for the year ending December 31, 1908.

During the year, eleven regular and two special meetings were held. A complaint was entered against the City Marshal by Charles E. Doying but after a date for hearing was determined the charges were withdrawn and the complaint dismissed.

The organization of the Board has remained the same as in the year previous.

During the year Officer Henry E. Jelly resigned and his position was filled by the promotion of James Winn from the reserve force. On account of the abandonment of the City Farm an addition of one officer was made necessary, his duty being to take prisoners to the County Farm, at Grasmere, and perform such other service as his superior officers should designate, his position to be known as House Officer. Officer James Cleary was promoted to this position and Elwin C. Maker was promoted from the reserve force to the regular force to complete the requirements.

The demands for more complete police protection during the day are being constantly made to the Commissioners and whenever a sufficient appropriation is made the department, such protection will be given in the needed sections of the city. Your careful consideration of the necessity of the installation of a Patrol Wagon is earnestly recommended as its use would add much to the efficiency of the police work.

The folllowing is a statement of the different offences for which arrests were made, and the number of the same, showing how disposed of, and the amount received through license fees and incidentals and the amount paid out.

REPORT OF EXECUTIVE COMMITTEE.

To the Nashua Hospital Association :—

GENTLEMEN :—The executive committee of your Board of Trustees submits its fifteenth annual report, the year ending Dec. 31, 1908.

Number of house patients admitted during year,	306	
Number of out patients admitted during year...	102	
Total.....		408
Average number of patients per day.....	15	
Number of patients who died from disease	13	
Number of patients who died from accident....	5	
Number of patients who died following operation	6	
Total		24
Number of accidents admitted.....	122	
Number of medical cases.....	72	
Number of major operations.....	110	
Number of minor operations.....	163	
Number of patients admitted in dying condition	5	
Average expense per day per patient.....	$1.87.	

The tabulated list attached to this report gives a history of the medical and surgical work for the year.

No marked changes have been made in the management of the institution. Your committee has labored constantly to elevate the standard of work and service and reduced the running expenses to the lowest figure that is consistant with best results.

In this direction they have been ably seconded by the matron, Miss Heinemann, who has brought about a material saving in many ways. For some time past preparations used in large quantities as liniment, washes, liquid and toilet soaps, iodoform, gauze, etc., have been made by the hospital employes at a net saving of between 200 and 300 per cent. Gauze and other supplies have been secured in large lots at very fair prices.

The position of assistant matron has been filled by assigning the senior nurses to the same work, a change that has proven satisfactory from an economic standpoint and also from an educational, as it permits students to receive instruction and experience in administration before graduation.

A diet kitchen has been fitted up at small expense, and here the training school receives instruction in cooking and preparation of food for the sick. Although not elaborate, it fills a long felt want, and has proven a benefit to both nurses and patients.

Special attention has been given to the care and preparation of surgical supplies, sterilizing, and operative technique. Methods in use in the best hospitals in the country have been adopted where their use would indicate an improvement on existing conditions.

It is gratifying to report that there has not been a single case of infection following operation during the year, a record which cannot be improved upon in any other institution.

The reduction in average expense per day to $1.87 as against $1.99 last year and $2.22 of the year before is a matter which we are pleased to report, as this figure in hospitals throughout the country is seldom below $2.00 per day and in many $2.50 or more.

The staff, as always, have responded promptly and cheerfully to call; and great credit is due the matron, Miss Heinemann, for her able work, and the nurses of the Training School who have shown such interest and spirit in their chosen profession.

Respectfully submitted,

A. W. SHEA, *Chairman.*

TRAINING SCHOOL REPORT.

To the Nashua Hospital Association :—

GENTLEMEN :—There has been no radical change in the conduct of the Training School during the past year. Instruction has been carried on by means of the usual lectures and recitations, and the thanks of the Association are due those members of the visiting staff who have generously given time which frequently could illy be spared to this work.

Cooking classes have been continued along the lines already mapped out, and more attention than before has been given to instruction in massage—this being made possible by the fact that our present matron, Miss Heinemann, is unusually well equipped to give expert instruction in this important branch.

An attempt has been made to educate each nurse in the details of diet work, and for the past two months one of the nursing staff has been assigned to the diet kitchen, giving all of her time to it for a certain number of days. As this is a matter of especial importance in obtaining uninterrupted convalescence and in giving such satisfaction to patients and their friends as shall be reflected in the good repute accorded to the hospital among our citizens. It is believed that this departure will work to the benefit of all.

It is hoped that we shall ere long have a more convenient and roomy kitchen for special sick cooking, and for the preparation of trays, and the present method is intended as a step in preparation for such a convenience.

The demand for our graduates in private nursing seems to utilize the available supply, and we believe there is no one in our city, physician or layman, who would not agree that the Training School has already many times justified its existence. To be sure, there are many of our graduates who do not for a

long time after graduation continue their strictly professional work; yet this fact but emphasizes the value of the school in a direction not often considered, namely, its usefulness to the community as a distinct educational center.

No one who has seen the development of the nurse from the raw recruit, through her years of study, of observation, of responsibility, of manual training, of self-sacrifice, of training of the judgment, of development of healthful sympathy no one, we believe, who has watched this process of physical and mental education, but will recognize that, in the training schools of our hospitals, there exists a means of education in its broadest sense, which would occupy no insignificant place in comparison with our other educational institutions. Just as a college education should make a young man or woman better fitted for whatever life work is to be followed, so we believe that the training obtained by the hospital nurse not only renders her indispensable in the sick room but fits her as few other methods could to fill a large place both in the home life and in the community.

While this can by no means be given as a reason for fostering our interest in the school, yet we consider it well worth consideration in summing up the value which the training school has in the municipality and the urgent necessity which exists that its work shall be continued, and that its scope shall be enlarged to keep pace, as nearly as possible, with the growth of the city and of the institution with which it is connected.

Statistics.

Number of nurses in Training School January 1, 1908	7

Three of this number remained only a few weeks as their time on duty was finished.

Number of nurses graduated during the year 1908	3
Number of nurses accepted during the year 1908	8
Number of nurses withdrawing during the year 1908, (not able to do the work well)	2

Number of nurses not accepted	1
Number of applications received during the year	18
Number of nurses in Training School Jan. 1, 1909	10

Committee on Training School.

TREASURER'S REPORT.

To the Nashua Hospital Association :—

In submitting the following statement of receipts and expenditures your treasurer desires to call your attention and to acknowledge the following cash donations received during the year 1908 :

Boston & Maine R. R.	$250.00
Estabrook-Anderson Shoe Co.	250.00
Ladies' Society, First Congregational Church	10.00
Mary E. Hunt	25.00
Bequest of Susan E. Reed	300.00

No reduction has been made on the permanent debt of $4,000. The interest, $200, on this item could well be spent for needed apparatus and the elimination of this debt would be much appreciated. The William S. Atwood fund with its accumulated interest now amounts to $399.96.

Treasurer's Statement For Year Ending Dec. 31, 1908.

RECEIPTS.

Cash on hand Jan. 1, 1908	$507.26	
City appropriation	2,500.00	
Donations in cash	835.00	
Income from patients	7,778.62	
		$11,620.88

EXPENDITURES.

Medical and surgical supplies	$1,568.38	
Salaries	2,950.50	
Hospital supplies	2,745.39	
Fuel and ice	615.67	
Light	547.85	
Laundry	775.82	
Water	132.30	
Repairs	253.19	
Incidentals	479.00	
Interest on $4,000 loan	200.00	
Balance on hand	1,352.78	
		$11,620.88

JAMES B. CROWLEY,
Treasurer.

Auditor's Report.

Nashua, N. H., Jan. 19, 1909.

I have examined the treasurer's account and find them correct.

REPORT OF BOARD OF HEALTH.

To His Honor the Mayor and the City Councils:

The report of the Board of Health for the year 1908 is herewith submitted.

More complaints than in previous years, in regard to nuisances were received and attended to carefully and in an impartial manner, although many were found to be from spite. Numerous complaints were also received about the city dumps, garbage and sewers. They were attended to as well as it was possible in the interest of the city.

For the better protection of children the Mount Pleasant school was thoroughly fumigated against diphtheria and scarlet fever.

The whole number of deaths reported to the office of the board was as follows:

Accident, blasting	1	Brain and spinal cord.	
Accident, burns	1	Apoplexia	23
Accident, fracture of spine	1	Meningitis (cerebral)	15
Accident, railroad	4	Meningitis cerebro spinal	2
Accident, broken skull	4	Meningitis, tubercular	2
Angina pectoris	5	Meningitis, cerebral tumor	1
Anemia	1	Myelites	1
Anemia cloro	1	Hemiphlegia	1
Anemia pernicious	1	Paralysis	11
Appendicitis	1	Spinal cord	1
Arterio-sclerosis	1	Birth, premature	15
Asphixia	2	Birth, stillborn	20
Asphixia, Glotis eadema	1	Bronchitis, acute	5

REPORT OF CITY PHYSICIAN.

To His Honor, the Mayor, and the Honorable City Councils :—

GENTLEMEN :—I herewith submit the report of the City Physician for the year ending December 31, 1908.

During the year 317 house calls and 287 office visits were given to the dependent poor of the city, and 18 patients were treated at the police station. The following deaths occurred :

Theofile Bugails, from pneumonia.

Henry Kelley, from paresis.

Oscar W. Davis, from mitral stenosis.

Cyrille Morin, from Bright's disease.

Respectfully submitted,

JAMES S. BLACK,
City Physician.

RESOLUTIONS

AND

ORDINANCES

Passed During the Year

1908.

RESOLUTIONS AND ORDINANCES.

RESOLUTION.

ADOPTING JOINT RULES AND FIXING THE TIME FOR HOLDING REGULAR MEETINGS.

That the joint rules of the City Council for 1907 be and the same are adopted for 1908 until otherwise ordered. And the time for holding regular meetings shall be on the second and fourth Tuesdays of each month, at seven o'clock and thirty minutes in the afternoon.

Passed January 1, 1908.

RESOLUTION.

AUTHORIZING THE MAYOR AND CITY TREASURER TO HIRE MONEY.

That the Mayor and City Treasurer for the time being are hereby authorized to hire money, in anticipation of taxes, to pay the current expenses of the several departments, or any outstanding notes, city script, certificates of stock, bonds or other evidences of debt of the City becoming due, and to give promissory notes of the City therefor.

Passed, January 1, 1908.

RESOLUTION.

ASKING FOR THE APPOINTMENT OF A COMMITTEE TO CO-OPERATE WITH THE BOARD OF HEALTH AND NASHUA MEDICAL ASSOCIATION, WITH A VIEW TO FORMULATING PLANS FOR BETTER SUPERVISION OF THE PUBLIC HEALTH, AND TO REPORT ITS RECOMMENDATIONS TO THE CITY COUNCILS.

That the public good requires that additional measures and precautions be adopted, by the City of Nashua, to better safeguard and protect the health and general welfare of the community; and in view thereof that the City Councils of said Nashua do appoint a committee of five, consisting of three Councilmen and two Aldermen, to co-operate with the Board of Health of said Nashua, and a committee from the Nashua Medical Association, that plans and methods to effect such aid may be formulated, and that said committee from the City Councils report back such recommendations as in its judgment and belief will best conserve the purpose in view.

Passed, January 14, 1908.

ORDINANCE.

IN SUBSTITUTION OF THE ORDINANCE PASSED MARCH 24, 1903 RELATING TO THE PAY OF THE POLICE OFFICERS OF THE CITY OF NASHUA.

That the ordinance passed March 24, 1903, which Ordinance was in substitution of Section 19, Chapter 4 of the Revised Ordinances of the City of Nashua as passed December 22, 1891, and as amended February 14, 1893, is hereby repealed and the following substituted therefor:—

The City Marshal shall be paid at the rate of twelve hundred dollars per annum in full for his services and for all duties appertaining to his office; the Assistant City Marshal shall be paid at the rate of eleven hundred dollars per annum in full for his services and for all duties appertaining to his office; the Captain of the Night Watch shall be paid at the rate of ten hundred and fifty dollars per annum in full for his services and for all duties appertaining to his office; each regular Patrolman, or Constable, shall be paid two dollars and fifty cents per day when actually employed by the city in the performance of his duty; and each Special Policeman or Policemen, shall be paid two dollars and fifty cents per day when actually employed by the city in the performance of his duty.

All Police Officers shall be paid semi-monthly.

In addition to their pay, the City Marshal, Assistant City Marshal, Captain of the Night Watch and each regular Patrolman, or Constable, shall be allowed the sum of fifty dollars for uniforms; said sum to be paid at the completion of each full year's service.

To take effect January 1, 1908.

Passed, January 14, 1908.

RESOLUTION.

APPROPRIATING MONEY FOR THE EXTERMINATION OF BROWN TAIL MOTHS AND OTHER INJURIOUS INSECTS.

That the sum of five hundred dollars be and the same is hereby appropriated for the extermination of brown tail moths and other injurious insects.

That the same be expended under the supervision of the Park Commission.

Passed, January 14, 1908.

RESOLUTION.

APPOINTING A SPECIAL COMMITTEE FOR THE PURPOSE OF SECURING PLANS AND SPECIFICATIONS FOR THE ERECTION OF A SCHOOL HOUSE UPON THE SHATTUCK STREET LOT, SO-CALLED.

That a special committee, consisting of His Honor the Mayor, and two Aldermen, to be appointed by the Mayor; the President of the Common Council, and three Councilmen, to be appointed by said President; and three members of the Board of Education, to be appointed by said Board.

Said committee is authorized to procure plans and specifications for the erection of a school house upon a tract of land situate in said Nashua at the corner of Norton and Shattuck streets; to ascertain the approximate cost of erecting the same, also the approximate cost of furnishing the same suitable for occupancy for school purposes and to submit their report to the City Councils at as early a date as possible.

Said committee is also requested to ascertain if the Main street school house is used or needed for school purposes, and if not used or needed for school purposes, if the Board of Education of this City is ready to re-transfer its care and control to the City, in accordance with Chapter 65, Section 3 of the Session Laws of 1897.

Passed, January 28, 1908.

RESOLUTION.

AUTHORIZING THE MAYOR TO SIGN THE CONTRACT FOR PRINTING THE CITY REPORT.

That the Mayor be and hereby is authorized and instructed to sign the contract for printing the City Report for the year 1907.

Passed, February 11, 1908.

RESOLUTION.

APPROPRIATING MONEY FOR THE EXTERMINATION OF BROWN TAIL MOTHS AND OTHER INJURIOUS INSECTS.

That the sum of $500.00 be and the same is hereby appropriated for the extermination of brown tail moths and other injurious insects.

That the same be expended under the supervision of the Park Commission.

Passed, March 10, 1908.

RESOLUTION.

JOINT RESOLUTION APPOINTING SPECIAL COMMITTEES TO INVESTIGATE THE ADVISABILITY OF DISCONTINUING THE CITY FARM.

That a special committee consisting of His Honor the Mayor, and one Alderman, to be appointed by the Mayor, President of Common Council and two councilmen, to be appointed by the President; be appointed to consider the advisability of discontinuing the City Farm as a penal institution and final disposal of the whole or part of the same and report to the City Councils at an early date their conclusions with such recommendations as they deem advisable.

Passed, March 24, 1908.

RESOLUTION.

MAKING APPROPRIATIONS FOR 1908.

That in accordance with the vote of the City Councils in joint convention assembled this day the following sums are hereby appropriated for the various departments :

Armory expenses	$800.00
Assessors' Department	3,200.00
Board of Health	600.00
Board of Public Works	45,000.00
Cemetery, Edgewood	1,000.00
Cemetery, Woodlawn	1,000.00
Cemeteries, Suburban	650.00
City Farm and House of Correction	7,000.00

And that the sum of two hundred and thirty-three thousand eight hundred dollars ($233,800.00) be raised by taxation and the balance from any money in the treasury not otherwise expended.

Passed, March 24, 1908.

RESOLUTION.

ACCEPTING GIFT OF MR. JOHN E. COTTON OF NASHUA, N. H.

That the City of Nashua hereby accepts the gift offered this day to the City of Nashua of five thousand ($5,000.00) dollars for use and developing and beautifying that portion of Greeley Park west of Concord road, subject to the conditions and stipulations accompanying said gift, which said conditions and stipulations shall be fully complied with.

Passed, March 24, 1908.

RESOLUTION.

DISCONTINUING CITY FARM AS A PENAL INSTITUTION AND AUTHORIZING SALE OF PERSONAL PROPERTY.

That on and after July 1st, 1908, the City of Nashua discontinue the use of the City Farm as a penal institution and that no prisoners be received there under sentence after that date.

Resolved, that the Committee on City Farm be authorized to dispose at public auction the stock, tools and personal property thereon at such time after October 1st next as said committee shall deem advisable.

Passed, April 14, 1908.

RESOLUTION.

APPOINTING A COMMITTEE AND RAISING MONEY FOR REPAIR OF THE CITY HALL BUILDING.

That a committee consisting of His Honor Mayor Shedd and one alderman, to be appointed by the Mayor, the President of the Common Council and two councilmen, to be appointed by said President, be and hereby is appointed and authorized to investigate the needs of the City Hall Building as recommended by the Board of Fire Commissioners and to make such changes and repairs as are necessary to make the City Hall safe and suitable for public gatherings.

The Board, Mayor and City Treasurer are hereby authorized to borrow such sum of money not exceeding one thousand dollars as may be necessary for said work and issue the City's note therefor.

Passed, April 14, 1908.

RESOLUTION.

AUTHORIZING MAYOR AND CITY TREASURER TO BORROW MONEY TO MEET EXPENSE OF PARK COMMISSIONERS IN DESTROYING MOTH NESTS ON PRIVATE LAND.

That the Mayor and City Treasurer are hereby authorized to borrow a sum of money not exceeding eleven hundred dollars to

defray the expenses incurred by the Park Commissioners in destroying brown tail moths and gypsy moths pests on private property in the city for present year.

Said loan to be made in anticipation of collections to be made according to law.

Passed, April 14, 1908.

RESOLUTION.

AUTHORIZING THE SALE AND DISPOSAL OF THE MAIN STREET SCHOOL LOT AND BUILDING, SO-CALLED.

That a special committee consisting of His Honor the Mayor, and one alderman by him appointed, the President of the Common Council and two councilmen, to be appointed by him; be and hereby are authorized and empowered to sell and dispose of a certain piece of property and the building thereon known as the Main Street School lot, bounded on the west by Main street, on the south by land of D. F. Runnells, on the east by land of D. F. Runnells, on the north by land of Masonic Building Association and Currier Building Association, at public auction.

Said committee to make all arrangements necessary for the advertising and terms of sale of said property.

His Honor the Mayor, Albert Shedd, is hereby authorized and empowered to execute in the name of and in behalf of said city a good and sufficient deed of said property.

The proceeds accruing to the city from the aforesaid sale shall be used toward erecting and furnishing a school house on a lot of land situate at the corner of Shattuck and Norton streets in said city, in accordance with plans and specifications furnished by Duane F. Holt.

Any money received from said sale and unexpended in erecting said school building and furnishings shall be kept separate for school purposes and not expended for any other department in said city.

Passed, April 28, 1908.

RESOLUTION.

AUTHORIZING THE CONSTRUCTION OF A SCHOOL HOUSE ON THE SHATTUCK STREET LOT, SO-CALLED.

That the special committee heretofore appointed to investigate the needs of a school building on the Shattuck street lot, so-called, be and hereby are appointed a building committee, together with such number as the Board of Education may add.

Said committee are authorized and empowered to contract for the construction and erection of a four room school building on tract of land situate at the intersection of Norton and Shattuck streets in accordance with plans and specifications furnished by Duane F. Holt.

The cost of said buildings and furnishings not to exceed the sum of $14,000.00.

Passed, April 28, 1908.

ORDINANCE.

REPEALING SECTION 8, CHAPTER 4 OF THE REVISED ORDINANCES, AND SUBSTITUTING A NEW SECTION THEREFOR.

That Section 8, Chapter 4 of the Revised Ordinances be and hereby is repealed and the following substituted therefor.

Section 8. The chairman of said Board of Health shall be paid the sum of three hundred dollars per year, and the other two members the sum of one hundred dollars per year, in full for all services.

Passed, April 28, 1908.

RESOLUTION.

APPROPRIATING FIVE THOUSAND DOLLARS TO BUILD A PORTION OF THE MERRIMACK VALLEY HIGHWAY.

That an additional appropriation of five thousand dollars be and is hereby made to be used by the Board of Public Works together with an equal amount to be appropriated by the State of New Hampshire for building a portion of the Merrimack Valley Highway, so-called, lying within the City of Nashua as follows:

Commencing at the terminus of the present State Highway near "Smith Farm," so-called, on the Lowell road and continuing northerly on said road.

The Mayor and City Treasurer are hereby authorized to borrow said sum of five thousand dollars, also to borrow five thousand dollars to pay note issued last year for same purpose, and issue City note or notes therefor.

Passed, April 28, 1908.

RESOLUTION.

OMITTING THE SECOND REGULAR MEETING DURING THE MONTHS OF JUNE, JULY, AUGUST AND SEPTEMBER.

That the second regular meeting of the City Councils be omitted during the months of June, July, August and September, 1908.

Passed, May 26, 1908.

RESOLUTION.

AUTHORIZING THE PURCHASE OF COAL FOR THE CURRENT YEAR.

That the Mayor be authorized to purchase coal for the City of Nashua for the current year of Nashua Coal & Ice Company, George E. Balcom, Stearns and Hill, W. A. Shedd & Company, Edward Labree and Arthur W. Phelps, at the following prices:

Broken coal per ton, 2000 pounds, at $6.75; egg, stove or nut coal per ton, 2000 pounds, at $7.00.

Passed, June 9, 1908.

RESOLUTION.

IN RELATION TO THE TIME FOR THE PAYMENT OF POLL TAXES.

That the time for the payment of poll taxes in the City of Nashua, be on or before September 1, 1908. And if such tax shall remain unpaid, the collector is directed to proceed in the collection of the same according to Section 19, Chapter 60 of the Public Statutes of the State of New Hampshire.

Passed, August 11, 1908.

Report of the
BOARD OF EDUCATION
CITY OF NASHUA

19 08

BOARD OF EDUCATION.

CITY OF NASHUA.

CLERK'S OFFICE, JANUARY 29, 1909.

At a regular meeting of the Board of Education, James H. Fassett, Superintendent of Schools, made his annual report for the year 1908, it being the forty second annual report of the schools of Nashua. The Board voted to accept the report and the Committee on Printing was instructed to print three hundred and fifty copies of the same.

ALBERT J. McKEAN,

Clerk.

BOARD OF EDUCATION

ORGANIZATION FOR 1909.

OFFICE HOURS – School Days, 8.30–9.00 & 4.00–4.30

TRUANT OFFICER.

HENRY B. MCCAFFREY, 99 Elm Street

Gentlemen of the Board of Education:

I beg to submit my sixteenth annual report, the forty-second of its series.

In looking backward over the past sixteen years during which time I have acted as the Superintendent of Schools for this city, the things which give me the greatest pleasure are those which show a general improvement in the physical conditions which surround the child during his life in the schoolroom. That the school life has no inconsiderable effect upon his well-being may be understood when we consider that from the kindergarten age until he graduates from the grammar school, or possibly from the high school, a large fraction of his waking hours are spent within the confines of the schoolroom. All scientists recognize that the physical life of the child is easily modified or influenced by the tone of his surroundings; and if, in order to obtain an education, he must submit, during these hours of training, to improper light for his reading, and impure or even foul air for his breathing, it is a question whether it were not better for him to ignore the benefits of an education entirely and, by living in pure air and under correct physical conditions, strive to build up a strong and healthy body.

Years ago when the country was young, the matter of ventilation took care of itself through the open fireplace, the wide cracks in the window panes, and between the rough hewn planks of the floor. Then came the age of air tight stoves and hermetically sealed windows. During this latter period was raised a crop of narrow-chested pale, emaciated pupils so that the very name of scholar brought to mind a round shouldered, hollow cheeked individual whose last claim in the world would be that of good health. We are just escaping from the mischief and the false standards of this period. The American people now realize that good health and clear thinking must go together and that it is impossible to achieve the highest type of education without plenty of fresh air and without proper attention to all the other important details of hygiene.

In regard to the progress of our own city along these lines, I can heartily say that it has been most marked and thorough. Fifteen years ago, the school building which was equipped with an adequate means of supplying fresh air to its pupils was a remarkable exception. In fact, the only one which had a ventilating system worthy of the name was the eight room building on Arlington Street. It is little wonder that the discipline and general deportment of the children under the influence of these surroundings was far different from their attitude toward the school life of to-day.

Those of you who were on the Board of Education fifteen years ago and can remember the long narrow primary rooms at the Belvidere school (the old building was built in 1835) are fully aware of the changed conditions when you enter the light, well ventilated structure which stands in its place. The long, four room building on Palm Street with no ventilation except the windows, with the old-fashioned double desks, and with the worst sanitary conditions imaginable, exists no longer. It has been replaced with a six room building of excellent model with adequate lighting, heating, and ventilation. The old Mulberry Street school was in the same class with the Palm Street school. Its sanitary conditions, if anything, may have been a trifle worse. The present building, while not an expensive structure, is modern in all its appliances and thoroughly adequate for the demands of a four room primary building. The new High school and the buildings at Amherst Street, and Lake Street did not replace any of the old, but have been built along the best modern ideas of school sanitation. The four rooms at the O'Donnell, the five rooms at the Harbor, the eight rooms at the Mt. Pleasant, and the twelve rooms at the Spring Street until within a few years, were for practical purposes without any means of ventilation and at both the O'Donnell and the Harbor the sanitary conditions were of the worst character. At the present time all the rooms in these buildings are supplied with proper ventilation and in all proper closets have been provided for the use of the pupils. Even in several of the one room buildings, including the Edgeville and the seven suburban schools,

modern means of ventilation have been installed to the great improvement of their general atmosphere. No one who was cognizant of the ancient and ever present schoolroom "smell", will ever wish to see it reinstated even though it costs a little more to heat fresh air than to heat the same foul air over and over again.

That all these improvements have been carried through, the citizens of Nashua may thank you, gentlemen of the Board of Education and your predecessors. The attitude of this Board of Education toward improving the schools of Nashua, has always been one of advancement at the same time coupled with conservatism. But among all the progressive ideas which you have introduced into the schools, none, to my mind, is of so far reaching importance as those which have resulted in improving the physical surroundings of the child.

THE NEW SHATTUCK STREET SCHOOL.

Carrying along the thought of the previous section, the ventilation for the pupils who formerly occupied the two rooms on the third floor at the Mt. Pleasant school has been vastly improved, and practically made perfect by their transfer to the new four room building on Shattuck Street. This building, is, to my mind, admirably adapted to the purpose for which it was designed. As will be seen from the plans, it is of a compact design with a hall through the center, in fact, it is very similar to the four room structure on Mulberry Street. The heating, ventilation, and lighting are adequate and I doubt if any city in New England has a more serviceable building at so small an expenditure. In other cities, usually the erection of a four room brick building calls for an appropriation in the neighborhood of twenty thousand dollars. When it is understood that the Shattuck Street school was built for about twelve thousand dollars, it is readily seen that great care must have been exercised by the committee who had the building in charge.

KINDERGARTENS.

Another source of satisfaction to your Superintendent is the general increase in both the number and size of the kindergartens. The first kindergarten was started in the fall of 1893 in the building on East Pearl Street where a kindergarten is still maintained. The first teacher assigned was Miss Jennie Farley who was a trained kindergartner and a most excellent teacher. It was expected that one teacher would be able to take care of the few pupils in the city who might desire to attend the kindergarten, but it soon became so popular that a second teacher became necessary and before spring the enrollment was between fifty and sixty. From this start, the demand for kindergartens has grown steadily so that now we have six schools with an enrollment of 245. That the influence of the kindergarten educationally has been of great value to the city is beyond question. It has been held by some of the best students of pedagogy that the training which the child acquires at the kindergarten age makes a much more lasting impression upon his after life than does the training of any other period. If these contentions are true and I firmly believe they are, the value of the kindergarten cannot be overestimated.

EVENING SCHOOLS.

For several years past, Nashua has not maintained an evening school. During the winter of 1905, eight rooms in the Main Street building were thrown open and nearly three hundred men and women availed themselves of the opportunity to attend and learn the rudiments of the English language. The term lasted about eight or ten weeks and the attendance was remarkably sustained.

It seems to me that the city is wasting a golden opportunity when it neglects the education of these foreign-speaking, foreign-thinking men and women. The evening school is the only available avenue through which these people can obtain a glimmer of what true American citizenship means or should mean.

They have settled here in our midst and their children will eventually become Americanized. It is needless to point out that by providing adequate facilities for educating the parents we are taking the most direct mode possible for educating the children. I certainly hope that as soon as may be, a well equipped and well organized evening school will be an integral part of our educational system.

CRITICISM OF PUBLIC SCHOOLS.

During the past year, there have been published several articles sharply criticising the results obtained by the public schools. In the October, November, December, and January numbers of the Delineator of 1908-09, there appeared a series of contributions dealing with this question which I believe the educators of this country should take note of and carefully weigh. Every person who is thoroughly cognizant of the conditions as they exist to-day realize that the public schools have strict limitations. Each critic and reformer has his own reasons and offers his own remedies for their limitations, and, needless to say, there are about as many different theories as there are critics. G. Stanley Hall would have us believe that there are too many female teachers and that the schools will never be any better than they are at present until the majority of the teaching force is made up of men. Other critics hold that the present day programs are altogether too elaborate and that they do not allow time for proper drill upon the so-called fundamentals. Another class would sustain the position that the teachers do too much explaining and give the pupils too much aid. Other critics just as competent hold the exact opposite of this theory and that the teacher of the old days explained things much more clearly than they are explained to-day. Another educator high in authority claims that the schools are running altogether too far toward the utilitarian idea, and laments the loss of the classical training; while others claim that the courses in the public schools are altogether too theoretical and that the child should be taught nothing which does not have a practical bearing. Many of the most severe crit-

icisms lay stress upon the lack of mathematical accuracy and knowledge on the part of the pupils, claiming that the knowledge of mathematics is the sine qua non of a public school training.

Among the suggestions offered as correctives for the well known difficiencies which we must all admit exist in the public schools, it seems to me that the one reason which is most responsible for any lack of efficiency has been largely overlooked by critics. To my mind the most sane pointed criticism which has been made on the system as a whole was made by President Elliot when he declared that the average American teacher was hampered and overpowered by the number of pupils which she was forced to teach. If my memory serves me, he claimed that twenty-four was the ideal number for a public school class and that any addition to this number weakened the efficiency of the school. While it seems that twenty-four is placing the number rather low, I think that the public school teachers will practically agree upon the statement that when their classes number forty individuals, any increase over this number is a marked detriment to efficient work and when the numbers grow to between fifty and sixty, that the burden of teaching is increased tremendously, that individual help becomes out of the question and that mechanical work becomes almost a necessity. I believe that large classes are the one great curse to our public school efficiency. Our rapidly growing communities have almost a chronic lack of schoolroom accommodations and, as a natural result, the schoolrooms are over-taxed and classes of fifty, sixty, or even seventy children are in some instances found under one teacher.

In our own town matters in this regard have been excellent. The average number of pupils per teacher is about thirty-six, thus supplying so far as numbers are concerned, about the ideal condition.

MANUAL TRAINING.

Although little need be said on this topic, since I know each member of this board would be glad to see a thorough course in manual training instituted in this city, yet I cannot forbear to mention the subject in this annual report. All the reasons and

arguments which have been brought forward in support of manual training are even more forceful to-day than ever before. The trend of modern thought along this line is to go even further and propose carefully organized trade schools as supplementary to the manual training work. It is my belief that the time is close at hand when all cities and even towns will have manual training as an integral part of their school curriculum.

In closing this report, I wish to say to this Board of Education, my sincere appreciation of their loyal support during the past year.

Respectfully submitted,

JAMES H. FASSETT.

Nashua, N. H.,
January 29, 1909.

Mr. James H. Fassett,

Superintendent of Schools.

Dear Sir:

The twelfth annual report of the department of music under the present director briefly reviews what has been accomplished during the last year. The material used is practically the same that has been in use for four years, except in the case of renewal of books, when revised editions have been purchased. In one eighth grade a new book has been introduced with good results, the "Laurel Music Reader," published by C. C. Birchard & Co.

From the primary department to the ninth grade the pupils and teachers have covered more ground, and have done better work than in former years.

Beginning with this term of school a system of theory and melody writing will be carried on by all grades above the second year. It is hoped that such an exercise will greatly enhance the study of the subject.

The High school achieved the greatest success of its musical history at the festival held last May, when a chorus of 175 voices gave an exceedingly engrossing performance of two dramatic cantatas, "The Erl-King's Daughter", composed by Niels W. Gade, and "Fair Ellen", composed by Max Bruch. For this concert, which formed a part of the annual Music Festival given by the Nashua Oratorio society, there was a professional orchestra of ten men, and these soloists: Miss Florence Hinkle of New York, soprano; Miss Lilla Ormond of Boston, contralto; Mr. H. Lambert Murphy of Boston, tenor and Mr. Emilio de Gorgoza of New York, Baritone. Miss Helen Ward was the pianist.

This school now has under preparation the dramatic cantata "The Crusaders", the text of which is taken from Danish legends, and the music composed by Niels W. Gade.

The cantata will be sung at the music festival, in May, with some choruses from standard operas, with the assistance of an orchestra and these soloists: Miss Caroline Hudson of New York,

soprano; Miss Lilla Ormond of Boston, contralto; Mr. Cecil James, tenor and Mr. Reinald Werrenrath, baritone, both of New York.

The undersigned is grateful to you, Mr. Superintendent, to the committee on music, the Board of Education and the entire corps of teachers for kind co-operation in the advancement of the art of music in our fair city.

Respectfully submitted,

E. G. HOOD.

Nashua, N. H.,
January 1, 1909.

Mr. James H. Fassett,

Dear Sir:

The course in drawing in all the schools remains essentially the same as last year, and is being intelligently carried out by the teachers. When, from year to year, I state that the work done in the drawing department is satisfactory, I wish, however, to be understood to mean that the progress is as satisfactory as can be expected under the circumstances. Of course, the work can never compare favorably with a city like Minneapolis, which although only about eight times as large as Nashua, employs forty drawing and manual teachers where Nashua employs one. Also although we do the best we can in the one forty minute lesson in mechanical drawing in the high school the results are trivial when compared with the work in Fitchburg and cities of that type where the pupils give from five to eight hours a week to the same subject.

Last May we invited the public to the most comprehensive exhibition of drawing and manual art work that the schools have given since I have had charge of the drawing department. It was thought that parents would attend an exhibition in their own district when they would not go to a general exhibition in another part of the city, therefore instead of having a general exhibition to which each school contributed as we have done formerly, each school held its own exhibition. The rooms were crowded during the exhibition hours and it was particularly pleasing and interesting to watch whole families of foreigners, not knowing a word of English, looking at drawing and listening to explanations which their children were giving them in their own tongue. Such people are not attracted by, and do not understand class room work, and yet they are just the ones who should know what the public schools are doing.

While the study of drawing in the primary and grammar schools is in no way vocational, but rather planned to give to all children taste, hard skill, keen observation and general culture it is gratifying to know that the subject has been presented in so

attractive a manner that five Nashua boys and girls have gone to art schools, with the intention of taking up the professional study of art.

Respectfully submitted,

ELIZABETH L. BUCKINGHAM.
